

Day 33 – AI Call Trigger & Eligibility Engine

Objective

To automate **who gets AI calls and when** using business rules.

Tasks & Learning Scope

1. **Eligibility Rules**
 - ATS score thresholds
 - Job status validation
 - Candidate availability
 2. **Trigger Logic**
 - Event-based triggers
 - Time-window validation
 - Retry policies
 3. **Scheduler Integration**
 - Call scheduling windows
 - Delay handling
 - Failure retries
 4. **Status Tracking**
 - Call queued
 - In progress
 - Completed / Failed
-

Deliverables

Eligibility engine
Auto-trigger logic
Call status tracking

Learning Outcome

- Intern builds real automation engines
- Understands event-driven systems
